

START DIGITAL TRANSFORMATION WITH BENQ SMART PROJECTOR

EH600

SMART SOLUTIONS TO ELEVATE YOUR AGILE TEAM

Smart Projector for work with built-in Android system, wireless internet connectivity, and web browser enables users to access and share online content wirelessly without using a PC or laptop. With the Smart Projector, your team can build up a smart and hassle-free meeting environment, easily and intuitively.

TOP FEATURES

MEETING MADE EASY

FULL HD HIGH RESOLUTION

EH600 goes one step further and offers Full HD resolution to provide sharp text and clear image into any meeting.

APP-FREE WIRELESS CASTING

Share your content instantly using the built-in wireless technology which is fully compatible with Google, Android and iOS.

BLUETOOTH CONTROL

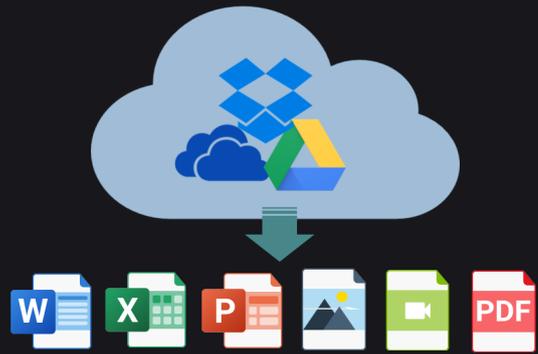

Connect keyboard and mouse through Bluetooth or HID to remotely control the Smart Project just like a small PC.

ALL THE TOOLS FOR A HASSLE-FREE MEETING

CLOUD STORAGE ACCESS VIA BENQ AMS

With the preloaded BenQ AMS application, it helps to open up users' own material anywhere from Google drive, OneDrive, and Dropbox.

VARIOUS FILE FORMAT READ AND DISPLAY

Support various file formats such as Microsoft Office, PDF and video. It allows users to display, edit and save online or offline content anytime and anywhere.
