

Google Jamboard for Education

Visible, accessible learning
Google Jamboard is an engaging, natural feeling interactive canvas for students to express themselves at school.

Make real world connections
Bring a whole world of web into brainstorm with Google Search or invite outside contributors and experts to coauthor work with students using the free Jamboard app

Portable and quick setup
It's easy to move between classrooms or study spaces, with just a single cable for power. Everything else is wireless, so you can start jamming right away.

Jamboard brings the timeless form factor of the whiteboard to the cloud. Elevate collaborative education, whether you're working together in a group seminar setting or looking to make distance learning more engaging.
